

A day sweet love is blooming like
the fragrance of a flower,

I send it with my beautiful heart.

To: Korean War
Veterans.

Hello! I'm a girl from South Korea.
I'm living in a safe country that is far
from wars and other depressing events. I really
appreciate the helps you gave us. I think
your help had helped our Army in a
great way, thus helping us to protect our
own nation. If you weren't there to help us,
we would already become part of North Korea.
Thank you so much for your courage to go into
the hectic place where you could've faced your
early death. We really appreciate your bravery.
We all remember you, and we all love you.
Thank you again, for everything you
did for my grandparents, and eventually
for us.

2014.5.8
Sincerely,
A girl named Annie.

THANK YOU

KOREAN VETERANS!
WIAW

Thank You! >.<
