

To. KWVA

Hello. My name is Chang-HYung Lee who lives in Suwon, South Korea. It is very honor to write a letter to war veterans of the Korean war. First of all, thank you for your help when Korea were in danger. In spite of veteran's suffer and pain, they helped us. I can more recognize your suffer because near my city, there is a monument for 'France veterans'. Monument that built for 'UW, USA, France and other countries' veterans is very good for remain your helps.

In 1950, 6, 25, in Korea many people died because of the Korean war. That time we were pushed out by North Korea's strong weapons. However, U.S. military helped us and we could conquer the middle of the Korean peninsula.

If we didn't have any helps, we couldn't exist here now. The most important things are veterans' help. That's about your help. Thank you for that. But, after the war, you had a lot of suffers and pains because many people and your fellow soldiers are died. Most of people just say 'Thank you'. They didn't know about your suffers. It's 60 years ago, but your suffers can't be left. So, I think we should do these things more often!!

'Freedom is not Free' This phrase is not fake. The reason that South Korea can grow up these days is all about

your helps. Now, it's time to cure your pain with our help. The slogan 'Thanks for saving Korea for 60 years' is very touch Korean's heart a lot. Even though this letter can't be help directly to you, I want to tell you about my mind. Thank you for help us!

Thank

you!

Yours truly,

Chang-Hyung Lee.
