Dear **KWVA** Korean War Veterans Association

Hello? I hope you are doing well. I've never met you or saw you, but first let me introduce my self I'm a middle school student who lives in **Korea** I know the Korean War by books and museums only. I never experienced it or saw it, but heard of brave soldiers that came from all over the world and **America** has sent the most soldiers. I have always admired **America** helping our country whenever we needed help. I do not know the pain and agony or sadness of war, but I understand I you would have felt when you came to **Korea**. Though, you won over the pain and agony and you were a part of soldiers that saved **Korea** I really admire, respect and **thank you**. If it wasn't you my country could have been dominated by North **Korea** once again **thank you**
