Dear KWVA ☆

Hello. My name is Park Min Sun. As you know I'm living in Korea. And living a happy life with my family. I believe that I can live a happy life because you entered the 6.25 war. And I'm really thankful to you from my heart. If you didn't fight for Korea, I can't think how horrible my country will be. I'm sure that Korea's history will remember you as our hero FOREVER!
Thank You for fighting for Korea when you were young ♡

Well... because I haven't entered the war, I don't know how terrible it is. But I think you are very awesome and brave to fight for Korea. I heard that you are worried about people forgetting your work. As I have told you Korea won't just can't forget your work! There are many museums in Korea including Jeju which shows your work in 6.25 War. Thank you and including me, Korea won't forget you and remember you as our hero.

P.S. I want to see you if you can ♡ From
