Dear Respectful Korean war Veterans.

Hello~

My name is Song-Young Hun and I'm from the Republic of Korea.

I'm 13 years old and a middle school student.

I'm pleasure to write letter for you.

It's sunny weather continue and many flowers are blooming this place.

Korean May is so beautiful world.

Can you imagine beautiful Korea?

I've heard alot about Korean war.

When you were young age, you fought for Korea citizens.

You bereaved dream, comrades and family.

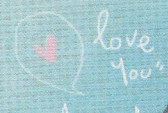

Korean war was very terrible and sad history.

Dresher Rd

love you.♡

if you can imagine it,  
you can create it.  
if you can dream it,  
you can become it.

But your sacrifice gave us freedom and democracy.  
So we couldn't have lived in such peaceful.

A few days ago, I've watched "The promise of 60 years."  
I am impressed and felt sorry.  
I saw old soldiers with the pain of war.  
You didn't forget painful memories of Korean war.  
I am proud of them to defend my fatherland.  
I won't forget your sacrifice and efforts forever.  
I'll try to make friends and I will hand down my offspring  
of your sacrifice.

Opportunity, I'll visit a national park, Korean War veterans  
at Washington D.C.

I hope your healthy and enjoy your life.  
God bless you. Thank you and bye.
