

"Thank You"

Freedom is not Free...

Korean War Veterans Association

*Thank you for being the person who I ought to love and to be loved.*

Dear. KWVA

Hello, I'm Sooyeon (16) from Seoul, Republic of Korea. The reason I'm writing this letter is to thank you all who fought in the Korean war. It must had been hard to defend a country you had never knew and people who you had never met. I'm so sorry for you whenever I hear about you. For the survivors in this war, it could be a sad, scary memory, and usually these memories last for a long time. Also, thank you for your courage and kindness. I believe it is true that one reason how Korea became a democracy country is because of your helps during the Korean war. I wish you are living happily after the Korean war. We, Korea, will never forget your effort, and will always remember you. We will never forget your sacrifices and your tears. Thank you so much, and always have a good day.
