

Happiness seems far but sometimes  
it is at your doorstep

Dear Sir

I'm Woo-Jin Jun, and a 6<sup>th</sup> grader at Ewha Elementary school, in Korea. I'm happy to write this letter. It is such a great opportunity to thank you for participating, risking your life during the Korean War. The growth and development of Korea are all possible, because of veteran's devotion. If you didn't come to help us, we'll still having a hard time, still fighting or have surrendered to North Koreans. All the people of the Republic Korea will remember your spirit of self-sacrifice. Thank you very much and we truly appreciate it.

With lot of gratitude,

Woo-Jin Jun
